Innovative adhesive solutions for your future

Efficient

Reliable handling.
Optimized warehousing.
Future-proof.

Sustainable

Environmentally friendly
due to refilling.
Waste reduction.
Less hazardous waste.
Conserves resources.

40 %

Cost savings of up to 40 % by
refilling the cartridges.
We would be happy to carry out a
profitability and amortization
calculation for you to calculate your
potential.

Versatile

Almost all adhesives (1K and 2K).
Containers between 20 L and 200 L.
All cartridge manufacturers possible.

Safe

Process-safe handling.
No overfilling possible thanks to
10 automatic test actuators.
Purely pneumatic system.

Service

We will be happy to refill your
adhesives for you.
No need for your own equipment.
We take care of everything for you!

Our **cartridge filling station**
enables fast and precise filling
of **1K and 2K cartridges**.

Perfect for large containers, it
ensures a smooth transfer into
50 ml to 1500 ml cartridges.

With the ability to fill **up to 8**
cartridges, it effectively
reduces production time and
increases efficiency.

We also take care of the entire
process for you with our
contract filling service. With
our many years of expertise in
the adhesives industry, we
guarantee the highest quality
and reliability.

Contact us at any time - we will
be happy to advise you!
